EDUCATION

Bachelor of Computer Science and Engineering, DY Patil Agriculture Technical University, Talsande 2022 - 2026

SKILLS

Technical Skills	C, C++, Python, JAVA, HTML, CSS, JavaScript, Git, GitHub, VS Code, MySQL
Soft Skills	Effective Communication, Teamwork and Collaboration, Problem-Solving and Adaptability, Leadership and Initiative.

PROJECTS

Hungry Bear Cafeteria. Designed, developed, and deployed a responsive static website with dynamic features for the Hungry Bear Cafeteria, leveraging expertise in web development, front-end development, and UI/UX design. Utilized HTML, CSS, JavaScript, and static website development techniques to create a user-friendly interface with features such as a searchable menu, dark mode option, and integrated blog section. Secured sponsorship, ensured seamless user experience, and planned for cloud hosting on platforms like GoDaddy, Shopify, or GitHub Pages to guarantee high uptime, security, and easy maintenance.

EXTRA-CURRICULAR ACTIVITIES

- Served as a dedicated educator and mentor, delivering tailored learning experiences to students of diverse age groups and skill levels. Taught mathematical concepts to preschoolers, fostering essential skills, and mentored junior students in C/C++ programming, enhancing coding skills and promoting STEM education.
- Utilized digital media to create engaging blog content on national issues, leveraging research skills to foster awareness and civic engagement. Demonstrated creativity, critical thinking, and effective communication skills through innovative content inspired by diverse sources. [Read It Here!](#)
- Spearheaded the growth of Code Wizard Coding Club as Co-Founder, driving membership engagement, strategic partnerships, and community building through innovative leadership. Developed and executed growth strategies, designed and delivered coding sessions and events, and fostered collaborations with advisors and industry professionals, promoting a culture of innovation, continuous learning, and teamwork.
- Spearheaded the AlgoZenith Campus Program as its inaugural Campus Lead, driving algorithmic knowledge, coding excellence, and community engagement through strategic leadership and collaborative program management. Developed and executed strategic plans, organized workshops, contests, and guest lectures featuring industry experts, mentored students to enhance coding skills, and collaborated with the AlgoZenith team to achieve program objectives.

ACHIEVEMENT

- Competitive Programming
 - Codeforces (CF): Achieved a peak rating of 769 and currently ranked as a Newbie, with over 150 problems solved.
 - CodeChef (CC): Achieved a peak rating of 967 and currently ranked as a 1-star in Division 4, with more than 50 problems solved.
 - HackerRank: Completed 4 challenges, demonstrating proficiency in programming concepts in C, C++, and Python, as well as problem-solving skills in data structures. Earned Golden Badges in these areas..
